## Globalization and the “Spatial Fix” - uni-potsdam.de

For us, the contemporary form of globalization is nothing more than yet another round in the capitalist production and reconstruction of space. It entails a further diminution in the friction of distance (what Marx referred to as “the annihilation of space through time” as a fundamental law of capitalist development) through yet another round

## What is global justice - Yale University

Third, conditions of life anywhere on earth are today deeply affected by international interactions of many kinds and thus by the rules that shape such interactions. In the modern world, the traffic of international and even intranational economic transactions is profoundly influenced by an elaborate system of treaties and
