Historical Linguistics Lyle Campbell 2004 This accessible, hands-on text not only introduces students to the important topics in historical linguistics but also shows them how to apply the methods described and how to think about the issues; abundant examples and exercises allow students to focus on how to do historical linguistics. Distinctive to this text is its integration of the standard topics with others now considered important to the field, including syntactic change, grammaticalization, sociolinguistic contributions to linguistic change, distant genetic relationships, areal linguistics, and linguistic prehistory. Examples are taken from a broad range of languages; those from the more familiar English, French, German, and Spanish make the topics more accessible, while those from non-Indo-European languages show the depth and range of the concepts they illustrate. This second edition features expanded explanations and examples as well as updates in light of recent work in linguistics, including a defense of the family tree model, a response to recent claims on lexical diffusion/frequency, and a section on why languages diversify and spread.

Catching Air Sarah Pekkanen 2014-05-06 From the internationally bestselling author of four books, including *The Opposite of Me*, a vibrant, compulsively readable novel about two married couples who pursue a dream to open a bed-and-breakfast in small-town Vermont. In her previous works including *The Best of Us*, "rising star" (Library Journal) Sarah Pekkanen captivated readers by penning "refreshingly introspective, sharply realistic, and tenderly humorous" novels (Booklist) that had readers "flying through the pages" (Hoda Kotb, Today show). Now, in *Catching Air*, Pekkanen turns an unflinching eye on the tangled relationships of two pairs of thirty-somethings. A chance to run a B&B in snowy, remote Vermont—it's an offer Kira Danner can't resist after six soul-crushing years of working as a lawyer in Florida. As Kira and her husband, Peter, step into a brand new life, she quells her fears about living with the B&B's co-owners: Peter's sexy, irresponsible brother Rand, and Rand's wife, Alyssa...who is essentially a stranger. For her part, Alyssa sees taking over the B&B as the latest in a string of adventures. Plus, a quiet place might help her recover from the news that she can't bear children. But the idyllic town proves to be anything but serene: Within weeks, the sisters-in-law are scrambling to prepare for their first big booking—a winter wedding—and soon a shy, mysterious woman comes to work for them. Dawn Zukoski is hiding something; that much is clear. But what the sisters-in-law don't realize is that Dawn is also hiding from someone... Relatable and dynamic, *Catching Air* delves deeply into the vital relationships that give shape to women's lives.

DOOM Dan Pinchbeck 2013-06-18 In December 1993, gaming changed forever. id Software's seminal shooter DOOM was

released, and it shook the foundations of the medium. Daniel Pinchbeck brings together the complete story of DOOM for the first time. This book takes a look at the early days of first-person gaming and the video game studio system. It discusses the prototypes and the groundbreaking technology that drove the game forward and offers a detailed analysis of gameplay and level design. Pinchbeck also examines DOOM's contributions to wider gaming culture, such as online multiplayer and the modding community, and the first-person gaming genre, focusing on DOOM's status as a foundational title and the development of the genre since 1993. Pinchbeck draws extensively from primary data: from the game itself, from the massive fan culture surrounding the title, and from interviews with the developers who made it. This book is not only the definitive work on DOOM but a snapshot of a period of gaming history, a manifesto for a development ethos, and a celebration of game culture at its best.

Muhammad and the People of the Book Sahaja Carimokam

2010-09-17 *Muhammad and the People of Book* by Sahaja Carimokam asks the question, what was the nature of Muhammad's relationship to non-Muslims, particularly Jews and Christians, and how did it change over time? This work is based on a chronological reading of the chapters of the Qur'an supplemented with Muslim commentary literature and biographical materials on the life of Muhammad. Carimokam traces Muhammad's evolving religious viewpoint based on his borrowings of primarily Jewish and some Christian traditional/apocryphal materials. He shows how Muhammad's inaccurate and anachronistic rendition of Jewish traditional literature ensured that the Jews would reject him as a Prophet. This rejection led to his ultimatum to the Jews early in the Medinan period of the Qur'an and culminated with his call to Jihad against all non-Muslims, including those Jews and Christians who refused to acknowledge his Prophethood. The origins of takfir, declaring Muslims to be non-Muslims, are considered. Comparisons are made of moderate and traditional interpreters of the Qur'an. Historical-critical issues regarding the background provided by Muslim historical propaganda is considered in one chapter. The book concludes with a controversial issue for the interpretation of Islamic law in the 21st century based on the actual canonical practices of Muhammad.
