The Hanoverian Dimension in British History, 1714-1837 Brendan Simms 2007-02-08 For more than 120 years (1714–1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.

Lancia Hyena Zagato Maurizio Grasso 2015-11-15 "We have to recreate the enthusiasm that surrounded the SPORT models, ever a synonym for the Lancia Zagatos": in 1991 this was the brief the recent graduate Andrea Zagato gave to Marco Pedracini, a young designer who had not long been hired by prestigious coachbuilder. It was out of this fortuitous and fortunate coming together of this far-sighted idea and the enthusiasm of Paul Koot, a Dutch fan and a businessman in the automotive sector, that an icon was born, the HYENA. A beautiful car, but one practically unknown to the general public. A car that could have repeated and even surpassed the commercial and sporting success of the Lancia Delta Integrale from which it was derived. Unfortunately just 24 examples were produced due to the debateable decision taken by the Fiat/Lancia directors of the time. Following a rapid review of the evolution of the Lancia Delta over the year, this book, written by an enthusiastic collector, examines the difficult genesis of the Hyena, from the first steps with the publication of the very first (previously unpublished) sketches and numerous photos and then follows its development, engineering and production through to its presentation at the car shows and in brochures. The book is completed by a comprehensive technical section, with the project list and the spare parts catalogue as well as an extensive photographic portrait of one particular example, N. 20. Lastly, all 24 Lancia Hyenas are examined, with the intention of reconstructing their specifications, their destination and the country in which they are jealously conserved by the enthusiast and collectors who possess a precious example.

Lancia Delta HF 4WD & Integrale Paul Baker 2020-05-19 This guide tells you everything you need to know when considering a potential purchase of the car that evolved to become the powerful, technically complex and aggressive Lancia Delta Integrale EVO, a car that consistently won the Rally World Championship from 1987 to 1992, and has now attained cult status. Fully illustrated, with a unique evaluation guide, and valuable advice on cost, documentation, restoration, club support and more, this Essential Buyer's Guide provides you with practical information from a marque expert on how to seek out a good example.

Lancia Aurelia & Flaminia Gold Portfolio 1950-1970 R.M. Clarke 2006-04-01 These two models were at the pinnacle of Lancia's achievements in the 50s and 60s. The Aurelia was the world's first production car to be powered by a 60-degree V6 engine and also featured a transaxle and fully independent suspension system. It had an attractive shape and the GT coupes made from 1953 represented a classic shape. Pininfarina styled the saloons and coupes of the Flaminia range with designs also available from Touring and Zagato. This is a book of contemporary road and comparison tests, specification and technical data, new model introductions, driver's impressions, travel, history. Models covered include:- Aurelia saloon, Aurelia GT, GT2500, GT America, Spyder, Flaminia, CoupT, Zagato, Pininfarina CoupT, GT, Convertible, 2.8.

Lancia Rally Group B Sergio Remondino 2021-09-30 The Group B cars marked one of the most thrilling yet most tragic periods in the history of world rallying and beyond. The 037, the S4, the EVC and the ECV2, "ephemeral player" of a still-born Group S, were the unforgettable protagonists of the 1982-1986 seasons that for the Lancia marque were constellated by a series of World, European and Italian titles, but also by terrible accidents that cost the lives of Attilio Bettega, Henri Toivonen and Sergio Cresto. Sergio Remondino, a historic journalist and great expert in the multifaceted field of rallying, traces that unforgettable era, year by year, through a text rich in anecdotes and thanks to the contribution of the engineer Sergio Limone, one of the artificers of the Group B cars. This invaluable book is completed by the evocative images of Reinhard Klein, one of the most successful rallying photographers.

Excerpt: The Lancia Delta is a small family car produced by Italian automaker Lancia with the

first generation being produced between 1979 and 1994, the second generation running from 1993 until 1999, and the third generation Delta entering production in 2008. It was first shown in Frankfurt Motor Show in 1979. The Delta is best known for its World Rally Championship career in the late 1980s and early 1990s, when it dominated rallying. As they were obliged to by the regulations, Lancia offered road-going versions of these competition cars - the Lancia Delta HF4WD and Integrale - 5000 of each variant having to be produced before the car could enter competition. In fact, Lancia sold 44,296 Integrales. The first Delta was a five-door hatchback designed by Giorgetto Giugiaro and released in 1979. For a period of time, it was also sold in Sweden by Saab Automobile, badged as the Saab 600. For a few years after its launch, the Delta was one of the most contemporarily styled cars of its class in Europe and was voted 1980 European Car of the Year. The Delta range was first introduced to the United...

Lancia Delta 4X4/Integrale Graham Robson 2010-08-01 This book explains how the HF 4WD evolved over the years - first into the Integrale with its original 8-valve engine, then the Integrale 16V, and ultimately into the Integrale 16V Evo 1 (or 'Deltona', as it was affectionately known). This compact, five-door Lancia dominated world-class rallying for six years, winning innumerable events, World Championships for Drivers, and World Championships for Manufacturers. Alongside the cars, driving heroes such as Markku Alan, Didier Auriol, Miki Biasion, Juha Kankkunen and Carlos Sainz also became legendary in this period.

Una vita senza patente Stefano Garavini 2020-03-14 Stefano Garavini racconta in prima persona la sua storia di ragazzo cresciuto sulla riviera romagnola, nel mito dei motori, delle serate in discoteca e delle bevute tra gli amici. E proprio quelle bevute, unite alla scellerata decisione di mettersi alla guida di una macchina o di una moto, gli sono costate per ben otto volte la patente. Tra ritiri lievi e ritiri più lunghi, con alte pene pecuniarie e l'obbligo di lavori socialmente utili, si caratterizzano così circa venti anni della sua vita, durante i quali Stefano si trova a dover pagare le conseguenze delle sue imprudenti scelte, dal problema di rimanere appiedato e quindi più limitato negli spostamenti, fino a quello di dover convivere col senso di colpa per aver deluso la propria famiglia, in special modo la madre. E poi anche per aver deluso se stesso, quando, all'ennesimo ritiro, di fronte alla promessa che sarebbe stato l'ultimo, inevitabilmente ci ricascava. In un libro personale e significativo, l'autore, attraverso il racconto, a tratti leggero e con note umoristiche, della sua esperienza, lascia un messaggio di grande importanza, mettendo in guardia tutti dal pericolo di sottovalutare gli effetti dell'alcol, soprattutto al volante.
