**God Doesn't Have Bad Hair Days** Pam Grout 2005-12-27 This gem of a book presents God as a positive life force that, when tapped, can send our lives spinning in an exciting new direction. It explains how spiritual "experiments" work, and provides concrete instructions for using these principles to improve one's life. Ten spiritual concepts are introduced, with a suggested 48-hour experiment to prove each one. Some examples of these principles are: 1) There's a power and force in the universe that can heal; 2) Your thoughts create your reality; and 3) By directing your mind, you can create more abundance, joy, and love in your life. Written in a conversational, contemporary voice, God Doesn't Have Bad Hair Days will appeal to the spiritual believer who's a fan of such bestsellers as The Prayer of Jabez and Simple Abundance, as well as to the spiritually curious who seek fulfillment outside traditional Christian denominations. The spiritual skeptic, too, will be drawn to this attractive book and its cheeky, no-nonsense tone.

**Ad Women** Juliann Sivulka 2009 Most of the workers in advertising, the media, retail, and fashion are women. Holding key marketing and advertising positions, women shape the basic promotional appeal of almost every consumer product in America.How did the advertising business go from a handful of women in a man's world to women working in virtually every mass consumer goods industry in America in the space of the twentieth century? Ad Women tells the story of how women have risen to the top of the advertising profession.Juliann Sivulka, a former marketing communications manager and now an advertising educator, describes how, at the beginning of the twentieth century, the recognition of women as primary consumers resulted in the hiring of more women to promote products aimed at the women's market. At that time manufacturers began to emphasize color, fashion, and style, while advertising embraced a new language of persuasion aimed at women consumers. Soon agencies were recruiting an ensemble of businesswomen-copywriters, product designers, merchandisers, fashion and beauty experts, home economists, editors, and publicists. Through close collaboration with manufacturers, mass media, and retailers, they participated in developing strategies to convince women to buy goods and wove their selling messages into women's reading, shopping, housework, and leisure activities.Sivulka follows three key periods in the history of American advertising, which represent eras of major social change for women (1880-1920, the 1920s, and the 1970s). She discusses the effect on advertising of such controversial issues as the women's movement, minorities, and consumer activism, and devotes an entire chapter to the contributions to advertising of African American, Hispanic, and Asian American women in the twentieth century.Copiously illustrated with portraits of early ad women and examples of their work, this thoroughly researched and engagingly written survey of women in advertising will fascinate marketing students, women's studies scholars, and everyday consumers.Juliann Sivulka (Tokyo, Japan) is the author of Stronger Than Dirt: A Cultural History of Advertising Personal Hygiene in America, 1890 to 1940 and Soap, Sex, and Cigarettes: A Cultural History of American Advertising. She lives in Tokyo, Japan, where she is a professor of advertising and American studies at the School of International Liberal Studies of Waseda University.

*Jamilah at the End of the World* Mary-Lou Zeitoun 2021-08-03 Set against the backdrop of a brutal Toronto summer heatwave, seventeen-year-old Jamilah Monsour makes plans for what she’s certain is the beginning of the climate change catastrophe that will end the world. Luckily, Jamilah knows what has to be done to save her family: transform the back alley garage into a bunker. Reluctantly her parents allow the bunker, but they draw the line when she announces she’s going to skip university and instead use the money they had saved for her education to buy solar panels and a generator. When an electricity blackout strikes, Jamilah’s climate change anxiety kicks into high gear and she ends up staying out all night, infuriating her Palestinian-born conservative father who is done with all this doomsday nonsense. Tension at home erupts and Jamilah runs away and joins a climate change protest where she learns about solidarity and agency, giving her hope for the future. When she returns home, her parents see just how deep Jamilah’s climate change convictions run and the family discusses her attending university to study environmental science, a plan they can all agree on. But Jamilah still plans on buying a generator, just in case.

**Racecraft** Karen Fields 2012-10-15 Tackling the myth of a post-racial society. Most people assume that racism grows from a perception of human difference: the fact of race gives rise to the practice of racism. Sociologist Karen E. Fields and historian Barbara J. Fields argue otherwise: the practice of racism produces the illusion of race, through what they call “racecraft.” And this phenomenon is intimately entwined with other forms of inequality in American life. So pervasive are the devices of racecraft in American history, economic doctrine, politics, and everyday thinking that the presence of racecraft itself goes unnoticed. That the promised post-racial age has not dawned, the authors argue, reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality. That failure should worry everyone who cares about democratic institutions.

**Rapunzel's Daughters** Rose Weitz 2005-01-12 The first book to explore the role of hair in women's lives and what it reveals about their identities, intimate relationships, and work lives Hair is one of the first things other people notice about us--and is one of the primary ways we declare our identity to others. Both in our personal relationships and in relationships with the larger world, hair sends an immediate signal that conveys messages about our gender, age, social class, and more. In *Rapunzel's Daughters*, Rose Weitz first surveys the history of women's hair, from the covered hair of the Middle Ages to the two-foot-high, wildly ornamented styles of pre-Revolutionary France to the purple dyes worn by some modern teens. In the remainder of the book, Weitz, a prominent sociologist, explores--through interviews with dozens of girls and women across the country--what hair means today, both to young girls and to women; what part it plays in adolescent (and adult) struggles with identity; how it can create conflicts in the workplace; and how women face the changes in their hair that illness and aging can bring. *Rapunzel's Daughters* is a work of deep scholarship as well as an eye-opening and personal look at a surprisingly complex-and fascinating-subject.

**Invisible** Michele Lent Hirsch 2018 "Author Michele Lent Hirsch knew she couldn't be the only woman who's faced serious health issues at a young age, as well as the resulting effects on her career, her relationships, and her sense of self. What she found while researching *Invisible* was a surprisingly large and overlooked population with important stories to tell. Though young women with serious illness tend to be seen as outliers, young female patients are in fact the primary demographic for many illnesses. They are also one of the most ignored groups in our medical system--a system where young women, especially women of color and trans women, are invisible." -- Publisher's description

*Working Mother* 1999-08 The magazine that helps career moms balance their personal and professional lives.

**Bald No More** Morton Walker 1998 A renowned medical journalist reveals a new program to stop baldness and restore lost hair that includes nutritional advice, herbal and hormonal remedies, minerals and vitamins, the breakthrough Thymu-Skin, how to clean the scalp properly, and a wealth of other proven tips and techniques. Original.

**Champion Guides [with Images]** Karen Kellock 2021-10-27 Early works of Karen kellock on releasing obstruction and breakthrough. The world holds genius down, but in overcoming he becomes renowned. The first half of the book is on "sick systems and sin cycles" with chapters like "genius is held down", "genius must get up", "bad faith or fullness", "solitude", "fallen hero syndrome", "anorexic systems", "psych of sensuality". These treatises have shocked as loners, misfits, anas and geniuses are seen in a whole new light. The second half is on the KK diet theory which includes "reversal dieting" and "fauna-fastarianism". This is a complete theoretical matrix of The Debris Theory of Disease supported by NIMH and NIAAA federal grants

**Murder on a Bad Hair Day** Anne George 2009-02-24 Murder on a Bad Hair Day It's hard to believe practical, petite ex-schoolteacher Patricia Anne and amiable, ample-bodied, and outrageous Mary Alice are sisters, yet sibling rivalry has survived decades of good-natured disagreement about everything from husbands to hair color. No sooner do the Southern sisters discover a common interest in some local art, when they're arguing the artistic merits of some well-coiffured heads at a gallery opening. A few hours later, one of those pretty ladies ends up dead -- with not a hair out of place. The other shows up on Patricia Anne's

doorstep dazed, disheveled, and telling a wild tale of a narrow escape from some deadly cuts. Now the sisters are once again combing for clues to catch a killer with a bizarre style in art -- and murder.

**Bad Hair Days, Rainy Days, and Mondays** Cynthia Bond Hopson 2006 This edition offers a month's worth of wisdom, advice, and encouragement for women in the form of 31 short daily meditational readings, written by an award-winning teacher and author.

**Bad Hair Day** Carrie Harris 2012 Future physician Kate Grable is thrilled to shadow the county medical examiner, but when he is arrested for murder and Kate is left to run the morgue, she discovers that something is killing students--something very hairy and strong.

**In His Grip ... a Walk Through Breast Cancer** Amy K. Hauser 2012-09-12 Amys story is a most inspiring one to read for anyone going through lifes struggles - one that will give encouragement whatever one may be dealing with. First and foremost, this is an account of a cancer journey; a journal revealing an absolute faith that God is willing to walk the journey alongside of you, all the way! If you are reading this and you are someone setting out on, or already in the middle of, a similar journey, this is an important read for you! Amys story will certainly not hide any of the rough times; but it will tell you about many positive aspects as well, and how faith is the only way to make the trip. This book is not just for cancer sufferers, but also for anyone experiencing lifes many trials, whatever they may be. Amys raw and emotive style tells it just like it is. You will feel the emotion; shed some tears and certainly draw many smiles. There is little more powerful than hearing this story told literally, while experiencing each and every aspect of the journey along with her. The power is in hearing Gods story, as told through Amy, and thats just what this is. You will be encouraged that its okay to have roller coaster emotions, to feel anger, to experience joy, to feel spiritually low and equally high; that its okay to ask why me? Amy is one amazing lady who turned what could have been a very negative experience - focusing on feeling sorry for herself - to one that focuses on making an impact on others. For example - Amy refused to wear a wig once she lost her hair so she would not miss opportunities to testify to others who would otherwise not have approached her. Perhaps most compelling is how many people have told Amy that while they should have been supporting her in keeping a positive attitude, she was in fact being the inspiration for them. I know! I was one of those people! I pray for them every day and I know that they do the same for me. It is this, together with God, that will keep us all positive and moving forward, whatever the challenges of life that are thrown our way.

**Feminist Interrogations of Women's Head Hair** Sigal Barak-Brandes 2018-06-13 Feminist scholarship has looked extensively at the perception of the body as a flexible construction of cultural and social dictates, but head hair has been often overlooked. Feminist Interrogations of Women's Head Hair brings new focus to this underrepresented topic through its intersections with contemporary socio-cultural contexts. Scholars from a wide range of disciplines investigate private and public meanings associated with female head hair, problematising our assumptions about its role and implications in the 21st Century. Readers are invited to reflect on the use of hair in popular culture, such as children’s television and pop album artwork, as well as in work by women artists. Studies examine the lived experiences of women from a range of backgrounds and histories, including curly-haired women in Israel, African American women, and lesbians in France. Other essays interrogate the connotations of women’s head hair in relation to body image, religion, and aging. Feminist Interrogations of Women's Head Hair brings together cultural discourses and the lived experiences of women, across time and place, to reveal the complex and ever-evolving significance of hair. It is an important contribution to the critical feminist thought in cultural studies, fashion studies, media studies, African American studies, queer theory, gerontology, psychology, and sociology.

**Season of Blessing** Beverly LaHaye 2009-12-15 The fourth and final novel about the trials and joys of the residents of Cedar Circle. Sylvia Bryan has been feeling weak and tired, but is shocked when her internist finds a malignant lump in her breast. She and her husband can’t understand why God is allowing cancer to attack at a time when their missionary work is going so well. As Sylvia undergoes a mastectomy and chemotherapy, the rest of the neighbors pull together to support her, even while coping with the stress of their own lives. Steve and Cathy experience problems with their blended family. Tory and Barry struggle to raise their Down Syndrome child. Brenda’s husband, David, who is not a believer, watches from the sidelines. Season of Blessing realistically portrays the all-too-common crises of both health and faith. How will God answer prayer? What will this latest trial do to their friendships? Terri Blackstock and Beverly LaHaye skillfully weave together the story of the lives of a group of neighbors who experience the overcoming power of Christ’s love.

**Hair Power, Skin Revolution** Nicole Moore 2010 Hair Power - Skin Revolution is a collection of poetry and personal essays from a diverse group of black and mixed-race women - everyday women expressing themselves in their own unique style. The collection includes contributions from forty-eight authors, that explore the issues, interests, cultural and historical influences that have shaped their times and their imaginations. The writers offer empowering and creative ways of understanding and relating to the themes of hair and skin. They tell their narratives, presenting their views in passionate, intelligent, humorous, strong and reflective voices, some unheard; some previously published in the former two Shangwe anthologies.This third Shangwe anthology, by nature of its cultural diversity components successfully contributes towards representing and promoting the writing of women from African and African-Caribbean backgrounds. As well as being a contribution towards Black British literature, this anthology celebrates, reflects upon and embraces our diverse female identities and the common-thread that unites us living the UK experience.

**Transforming From Christianity to Islam** Janet Testerman 2014-06-19 Why would a Western woman who is free to dress and behave as she pleases convert to a religion immersed in a culture that requires her to cover her hair, dress modestly and reassess her fundamental beliefs? These are personal accounts of eight Western women who radically changed their lives by converting to Islam or marrying a Muslim man. Some women assigned deep meaning to the headscarf, while others found dressing hijab to be freeing. In every case, however, peer pressure, social pressure and male pressure bore profoundly on their decisions, perhaps overpowering their ability to practice hijab purely from their hearts. Again, the dichotomy between voluntary, genuine devotion and conforming behavior influenced on the women’s actions and thoughts.

**Because of My Hair...** Jo Lamarca Mathisen 2009-05-01 Bad Hair Day? We all have 'em. Embrace the mess--the frizzies, flyaways, bad bangs, wild mane and all--with *Because of My Hair*. In This whimsical book, the authors take a light-hearted approach to hair that just won't do what it's told. From curly to straight to the joy of the perfect coiffe, this little book will have you smiling in no time. Share it with your girlfriends everywhere from slumber parties to the office. A "bad hair day" will never have the same meaning again!

**Bad Hair Day** Francesca Collins 2005 The aim of this book is to empower women affected with hair thinning by providing them with all the information, treatment tips and grooming techniques they need to live confidently with their condition.
