Addressing Challenging Moments in Psychotherapy Jerome S. Gans 2021-09-30 "This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, Challenging Moments in Psychotherapy is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

The Saddler Boys Fiona Palmer 2015-09-16 'This is a book about rural Australia, love gained and lost, and fighting for what you believe in. But, unlike many books in the same genre, The Saddler Boys subtly about so much more.' Weekly Times Schoolteacher Natalie has always been a city girl. She has a handsome boyfriend and a family who give her only the best. But she craves her own space, and her own classroom, before settling down into the life she is expected to lead. When Nat takes up a posting at a tiny school in remote Western Australia, it proves quite the culture shock, but she is soon welcomed by the inquisitive locals, particularly young student Billy and his intriguing single father, Drew. As Nat's school comes under threat of closure, and Billy's estranged mother turns up out of the blue, Nat finds herself fighting for the township and battling with her heart. Torn between her society life in Perth and the rural community that needs her, Nat must risk losing it all to find out what she's really made of - and where she truly belongs. Praise for Fiona Palmer 'Fiona Palmer just keeps getting better.' Rachael Johns 'Palmer's passion for the land bleeds into the story, and her scenes are vivid and genuine, just as her characters are.' Book'd Out 'Fiona Palmer has well and truly earned her place as a leading writer of one of Australia's much-loved genres.' Countryman
