**Pre-Incident Indicators of Terrorist Incidents** Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

*I Swear I Saw This* Michael Taussig 2011-10-20 I Swear I Saw This records visionary anthropologist Michael Taussig’s reflections on the fieldwork notebooks he kept through forty years of travels in Colombia. Taking as a starting point a drawing he made in Medellín in 2006—as well as its caption, “I swear I saw this”—Taussig considers the fieldwork notebook as a type of modernist literature and the place where writers and other creators first work out the imaginative logic of discovery. Notebooks mix the raw material of observation with reverie, juxtaposed, in Taussig’s case, with drawings, watercolors, and newspaper cuttings, which blend the inner and outer worlds in a fashion reminiscent of Brion Gysin and William Burroughs’s surreal cut-up technique. Focusing on the small details and observations that are lost when writers convert their notes into finished pieces, Taussig calls for new ways of seeing and using the notebook as form. Memory emerges as a central motif in I Swear I Saw This as he explores his penchant to inscribe new recollections in the margins or directly over the original entries days or weeks after an event. This palimpsest of afterthoughts leads to ruminations on Freud’s analysis of dreams, Proust’s thoughts on the involuntary workings of memory, and Benjamin’s theories of history—fieldwork, Taussig writes, provokes childhood memories with startling ease. I Swear I Saw This exhibits Taussig’s characteristic verve and intellectual audacity, here combined with a revelatory sense of intimacy. He writes, “drawing is thus a depicting, a hauling, an unraveling, and being impelled toward something or somebody.” Readers will exult in joining Taussig once again as he follows the threads of a tangled skein of inspired associations.

*Healing Earthquakes* Jimmy Santiago Baca 2007-12-01 An award-winning work of brilliant passion and epic poetry that vividly captures the impossible truth of an entire romance from beginning to end. Jimmy Santiago Baca introduces us to a man and woman before they are acquainted and re-creates their first meeting, falling in love, their decision to make a family, the eventual realization of each other’s irreconcilable faults, the resulting conflicts, the breakup and hostility, and, finally, their transcendence of the bitterness and resentment. Throughout the relationship we are privy to the couple’s astonishing range of emotions: the anguish of loneliness, the heady rush of new love, the irritations and joys of raising children, the difficulties in truly knowing someone, the doldrums of breakup, and so on. It is impossible not to identify with these characters and to recognize one’s own experience in theirs. As he weaves this story, Baca explores many of his traditional themes: the beauty and cruelty of the desert lands where he has spent much of his life, the grace and wisdom of animals, the quiet dignity of life on small Chicano farms. An extraordinary work that “expresses both bliss and heartache with lyric intensity” (Booklist) from one of America’s finest poets. “Baca is a force in American poetry . . . His words heal, inspire, and elicit the earthly response of love.” —Garrett Hongo “[Baca] writes with unconcealed passion . . . what makes his writing so exciting to me is the way in which it manifests both an intense lyricism and that transformative vision which perceives the mythic and archetypal significance of life-events.” —Denise Levertov

**The Passport as Home** Andrei S. Markovits 2021-08-10 This is the story of an illustrious Romanian-born, Hungarian-speaking, Vienna-schooled, Columbia-educated and Harvard-formed, middle-class Jewish professor of politics and other subjects. Markovits revels in a rootlessness that offers him comfort, succor, and the inspiration for his life's work. As we follow his quest to find a home, we encounter his engagement with the important political, social, and cultural developments of five decades on two continents. We also learn about his musical preferences, from classical to rock; his love of team sports such as soccer, baseball, basketball, and American football; and his devotion to dogs and their rescue. Above all, the book analyzes the travails of emigration the author experienced twice, moving from Romania to Vienna and then from Vienna to New York. Markovits's Candide-like travels through the ups and downs of post-1945 Europe and America offer a panoramic view of key currents that shaped the second half of the twentieth century. By shedding light on the cultural similarities and differences between both continents, the book shows why America fascinated Europeans like Markovits and offered them a home that Europe never did: academic excellence, intellectual openness, cultural diversity and religious tolerance. America for Markovits was indeed the "beacon on the hill," despite the ugliness of its racism, the prominence of its everyday bigotry, the severity of its growing economic inequality, and the presence of other aspects that mar this worthy experiment's daily existence.
